Hosts can schedule, start, and end meetings and webinars. There is no additional charge for panelists. Max meeting capacity is 100. All capacities greater than 100 apply to webinars.

Pricing Example

If I have a Premier license and I anticipate around 4,000 cumulative account registrations over a 2-year period, then I'll need 4,000 Maximum Accounts for \$15,000 per year.

In addition, if I need 3 people to host (schedule, start, and end) Zoom.US meetings and webinars with up to 500 people attending each webinar, then I'll need 3 of the 500 capacity licenses for \$940 each per year. There is no additional cost for panelists/speakers in those webinars.
